Sir,

In reply to your letter, Camp No.G. 48 San. dated the 26th Ultimo, I have the honor to state that a fortnight's training is proposed in the case of the men, at the instance of the Health Officer of the Civil and Military Station.

The period appears to me to be quite sufficient as obviously only a practical training in the technique of Vaccination is desired, without a detailed instruction in the Theory as well.

2. The Vaccine Institute being a public Institution where any candidates seeking instruction can be trained, I do not think a reference from the Health Officer need be made through the Residency. The item for which sanction now sought is to collect a fee of ₹10/- for the instructions undertaken under the special circumstances of the present case - The three men now required to be trained ~~from~~ form an isolated batch, not likely to be followed up with others.

I have the Honor to be,
Sir,
Your most obedient servant.
